About Gaby

Gaby Richard-Harrington - is an Instructional Technology Specialist at the Elementary and Middle School levels and a K-12 Consultant. She is always looking for ways to engage learners of all ages in constructivist theory and pedagogy. Her recent focus is self- directed learning. She has a good grasp of how technology integration enhances the learning experience for students while preparing them to work and live in the 21st Century.

Gaby consults with public and private schools and leads workshops on topics of learning enhanced by technology for Massachusetts Teachers Association, Massachusetts College of Liberal Arts, Westfield State University, Technology in Education Partnership, and MassCUE.

MassCUE Board Member 2005-Present
MassCUE Professional Development Committee Chair
MassCUE Technology Leadership Symposium - Organizer
Westfield State University Technology Trainer
MA Certified Teacher - Instructional Technology K-12
MA Certified Teacher - PE K-8
Harvard Public Schools Technology Integration Consultant
Amherst Pelham Regional School District, Technology Integration Specialist

Master Your iPad

Set-Up to Super User

Course Description:

Participants will set up iPads, learn to navigate, use iTunes, download apps, use both cameras, and practice file sharing. Participants will also learn other tips and tricks to make the most of the iPad experience. The instructor will share some favorite apps, but the focus will be using the device itself. On the road to super user we will cover topics such as:

multitasking, working with iTunes, reading books, annotating documents, printing, extending battery life, security, setting up email, synching with other devices, managing Apps, using accessibility features, mirroring, subscribing to rss feeds, using the browser, new gestures...and many more!

Covers iPad2, iOS version 5. About a week before the workshop, participants will receive a list of apps to download to iTunes (or   onto your iPad – if you are bringing your own) before the workshop. The instructor will email the   list of apps to download.

Prerequisites:

Participants will need an active iTunes Account and Apple ID for this workshop. Please set this up ahead of time. Be sure that you have the most recent version of iTunes! It is also best to bring a laptop, if ordering an iPad.

Devices and Prices

Member/Non-member Cost:
$150/$185 if you bring your own iPad
$650/$685 includes Wi-Fi 16GB iPad 2
$750/$785 includes Wi-Fi 32GB
$780/$815 includes Wi-Fi 16GB +3G VERIZON or ATT-need to specify
$880/$915 includes Wi-Fi 32GB +3G VERIZON or ATT-need to specify

Suggested additional purchases:
iTunes Card (may purchase at time of registration-suggested amount is $50)
iPad to VGA dongle
